

# The Viking Voice

*Northeast High School • Kansas City, Missouri*

[www.northeast.kcpublicschools.org](http://www.northeast.kcpublicschools.org)

hello

Spring

Greetings Viking Nation!

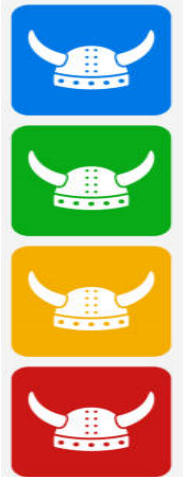

On behalf of the faculty and staff at Northeast High School, I am happy to welcome you to the Spring Semester! We know a strong partnership with you have made a great difference in your child's education. As partners, we share the responsibility for our children's successes and want you to know that we will do our very best to carry out our responsibilities. We ask that you guide and support your child's learning by ensuring that he/she:

- Attends school daily, ready for the day's learning experience
- Completes assignments given by teachers
- Reads daily to develop a love for reading and to improve literacy skills
- Shares school experiences with you so that you are aware of his/her school life
- Informs you if he/she needs additional support in any area or subject
- Knows that you expect him/her to succeed in school

Our enhanced technology, enthusiastic faculty and staff, bright and eager students, and supportive families has given me great confidence that we are having a successful academic year.

With Great VIKING Pride,

**Dr. Waymond Ervin**

## Northeast High School

# Vision, Mission and Core Values

## VISION

### *Building Our Purpose*

Northeast High School is a student-centered college and career readiness campus dedicated to ensuring a competitive education and transforming diverse scholars into eternal learners, productive citizens, and socially aware leaders in their communities.

## MISSION

The mission of Northeast High School is to collaboratively increase the academic and performance achievement of each scholar while enhancing their social development and their promise as global citizens.

## CORE VALUES

- Educate all educational partners to achieve their individual and collective academic goals.
- Engage all educational partners to be active in a community of learners and strengthen bonds with our diverse population.
- Empower all educational partners to provide support for continued academic and social emotional development.

**PROBLEMS WITH MATH?**

# MATH TUTORING

If you are interested in getting help for your math class or upcoming ACT test, have your parent or guardian complete the permission form. Tutoring will take place Tuesday and Thursday every week. Report to the cafeteria after school to get a snack before starting tutoring. Buses are available at the end.

**\*2:30pm until 5:00pm**

Parent permission form can be found here:  
[https://bit.ly/NEHS\\_tutoring](https://bit.ly/NEHS_tutoring)

Getting one-on-one help is a great way to better understand what you're learning!

**FREE LEGAL SERVICES**

## Justice in the Schools

Legal services provided by the project include:

- Family Law/Domestic Violence Protection
- Landlord/Tenant Law (eviction defense)
- Foreclosure Prevention
- Housing Issues
- Healthcare
- Public Benefits
- Federal Benefits
- Consumer Matters

 **Call (816) 418-2061**

The Legal Clinic is located inside Central High School  
 3221 Indiana Avenue / Kansas City, Missouri 64128

## Viking students observe 'A Moment of Science': *Lab Interconversions of Matter and Phase Changes*

In the lab, students investigated interconversions of matter or better known as phase changes of matter using dry ice which is solid carbon dioxide and regular ice blocks of water to demonstrate the process of water cycle and sublimation on earth. The students observed dry ice change directly into gaseous carbon dioxide without going through the liquid phase and when the gaseous carbon dioxide was covered, it changed into solid carbon dioxide.

Lab instructor, Dr. Chukwudi Udokwu, explained to the students that such a process that does not go through the liquid phase is called sublimation.

Students also observed regular ice go from solid ice block water to liquid water, and later after adding heat, the liquid water evaporated into water vapor. As the boiling water inside the beaker on top of the hot plate was covered for a period of 20 minutes, water droplets started to form under the glass cover showing condensation. Students were asked to explain the relationship between the phase changes of ice block water, to liquid water, to water vapor and later condensed back into liquid water droplets to the process of water cycle on earth.

# What is the MAP/EOC Test?

The Missouri Assessment Program (MAP) and End of Year (EOC) testing for students in all KCPS schools will take place during the month of March. MAP/EOC tests are mandated by the state and are intended to help determine what a child knows and is able to do according to the expectations for his or her grade level. Scores on the MAP tests are also used to determine how schools are performing according to state and federal guidelines.

## What is the Missouri Assessment Program (MAP)?

The MAP/EOC tests are a series of tests that measure a child's performance in school. It is mandated by the state to identify the knowledge, skills, and competencies that Missouri students should acquire by the time they graduate. You can read more about the test format, grade-level expectations and how to interpret your child's scores and achievement levels on the Missouri Department of Elementary and Secondary Education (DESE) Assessment web page.

## Why is the MAP/EOC important?

It is a way to finding out if students are learning what they need to learn. The test will show what your child knows and is able to do according to the expectations for his or her grade level.

## What can I do to help my child succeed on these tests?

1. Attend: Make sure your child is in school on the testing dates.
2. Rest: Have your child get a good night's sleep.
3. Nutrition: Give your child a healthy breakfast start the day.

## When will my child take the MAP test?

Your school will inform you of the exact dates your child will be tested. If you have questions about the test, please contact your child's school counselor.

## When will my child take the MAP test?

Your school will inform you of the exact dates your child will be tested. If you have questions about the test, please contact your child's school counselor. For more information about MAP, please read MAP Information for Parents section.

## MAP/EOC End-of-Course Assessments

KCPS will be taking MAP & EOC tests April 20<sup>th</sup> through May 15<sup>th</sup>. Parents: Please make sure your child does not miss a day during this period. These tests are important to their end of year grade. The assessments will be given to students enrolled in the courses teaching similar content and skills. The tests are not specific to any grade level, but rather to course content.

The purposes for the MAP/EOC assessments are:

- Measuring and reflecting student mastery toward post-secondary readiness.
- Identifying student's strengths and weaknesses in English, Math, Science and Government.
- Communicating expectations for all students.
- Serving as the basis of state and national accountability plans for middle schools and high schools.
- Evaluating programs.

The MAP/EOC tests were created by DESE in an effort to adapt testing to the needs of Missouri districts, schools, teachers, and students while meeting state and federal requirements. Districts may determine which courses best align with the Course Level Expectations being measured and assessed through the MAP/EOC tests, thus giving schools and districts the flexibility to test at the right time.

## Test Taking Tips

Take a deep breath and relax

Read all of the directions carefully

Read the questions carefully

Make sure you understand what is being asked

Look at all of the choices before you answer

Paraphrase the question

Eliminate the answers you know are wrong

Stop and think carefully

Check your work for accuracy

And always do your best.

# NORTHEAST PARTICIPATES IN KC STORYTELLERS

Congratulations to the Northeast students who participated in KC Storytellers, presented by the Greater Kansas City Writing Project. They attended two Saturday writing workshops. This program ended in a community event at the Kansas City Public Library Plaza. Judith, Fatima, Tu, Angelina, Abril, and Emma wrote and read amazing stories about their dreams, family, school, and childhood memories. Great job, Vikings!

# DECA program at Northeast High School provides students with real-world skills

*Written by Daisy Garcia Montoya, Northeast News*

After years of not being active at Northeast High School, the DECA (Distributive Education Clubs of America) program has returned at full force to offer new learning opportunities for students. DECA, which is a program that focuses on developing business and leadership skills through competitions and leadership conferences, picked up momentum at Northeast when Andrew Corrao came to the school in 2020.

Andrew Corrao, CTE (career and technical education) professor, reactivated the program in 2021 when students returned to the classrooms after being online due to the pandemic. Since it reemerged, the program has more than doubled from eight competing students to over 25 currently.

When asked about the school's journey to the state competition, Corrao says that the journey truly began two years ago when the decision was made to bring the program back. "The plan was to take the first two years to figure out how to run and build a program like DECA at an urban school and then really drive at winning competitions the third year," Corrao said. "However, our students surpassed our expectations and made a run at state the past two years."

In order to prepare the students for the competitions and academic conferences, DECA fundamentals and content are incorporated in the classrooms. From there, students in business or marketing classes are recruited to participate in the competitions. At the competitions, students are given 10-15 minutes to review a scenario and come up with a solution to the problem involving executive business decisions, business law or marketing. Other students also compete by providing presentations on sale pitches or research projects.

"This year we have over 25 students competing in the district tournament with five of them qualifying to participate in the state tournament. We are very fortunate to have the support of the district, school and CTE department. These investments in programs like

DECA are crucial in teaching our students that not only do they have a right to be just as involved as their suburban peers, but that they can compete and beat them," said Corrao.

Currently, the school has 5% of its total population involved with DECA, a percentage they want to maintain and grow. In addition to being able to compete against local schools and participate in the state tournament if they qualify, students can go on trips to other cities within the country to participate in academic conferences. Recently, six students traveled to Milwaukee, Wisconsin, to participate in the Central Region Leadership Conference, where they had the opportunity to network and compete with students from around the country.

"I think of the learning opportunities that come with being on a plane for the first time to travel to Milwaukee and Boston. We have students who went on that trip that have never been outside of the KC metro, let alone on an airplane," Andrew Kreiling, DECA advisor and business professor, said. "I hear students elaborate how this field trip gave them a better understanding of how the big picture looks, or that field trip informs them more on something that we work on in the classroom."

Through the program, students have been able to improve their interviewing skills, presentations and work ethic as well as create new networks and friendships. As the students continue preparations for the state tournament, Corrao says it would not be possible to give the students this opportunity without the support of the community.

"From parents, to alumni, to people who just happened to hear about our program, our students feel the support. They know that their results are not only a win for them, but for the school and the entire community and we couldn't be more proud of them."

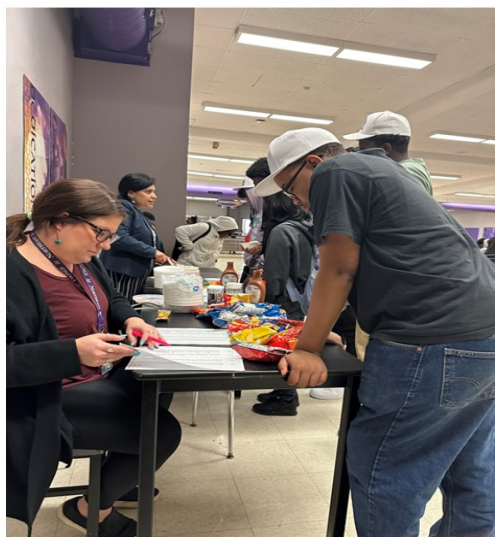

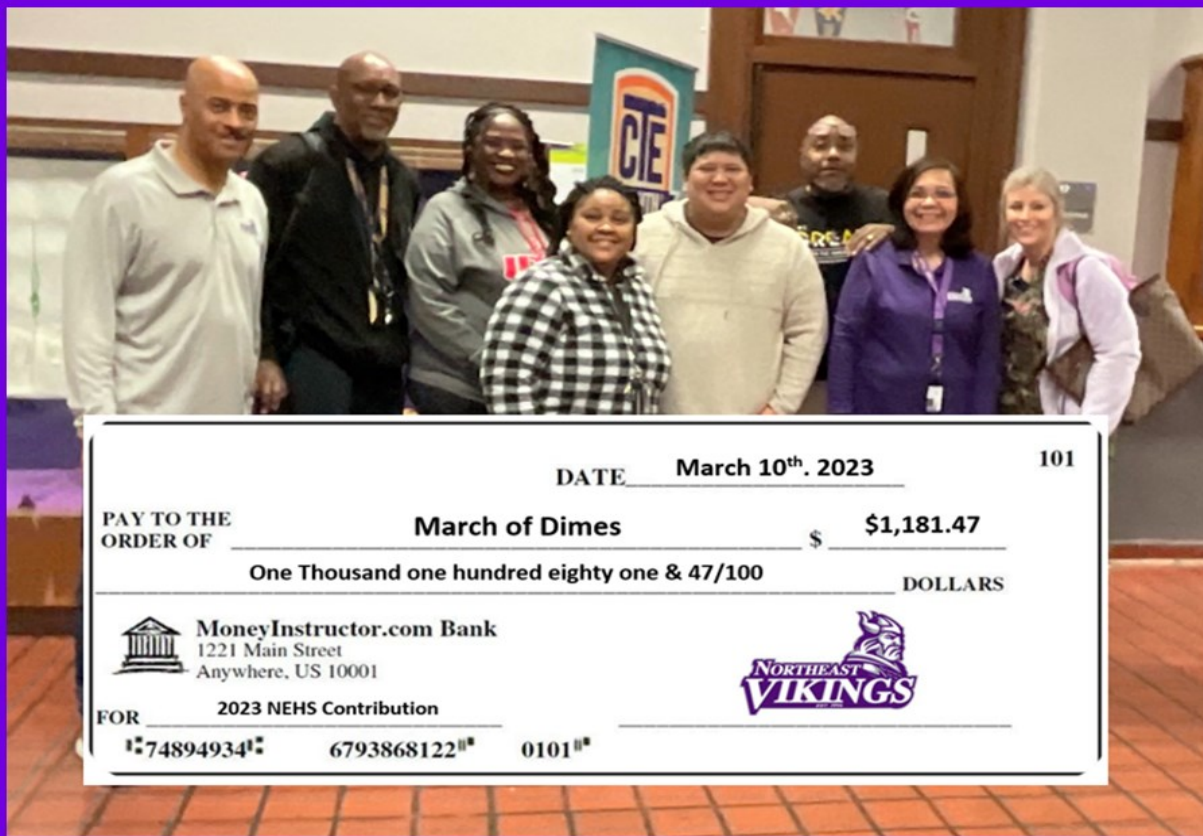

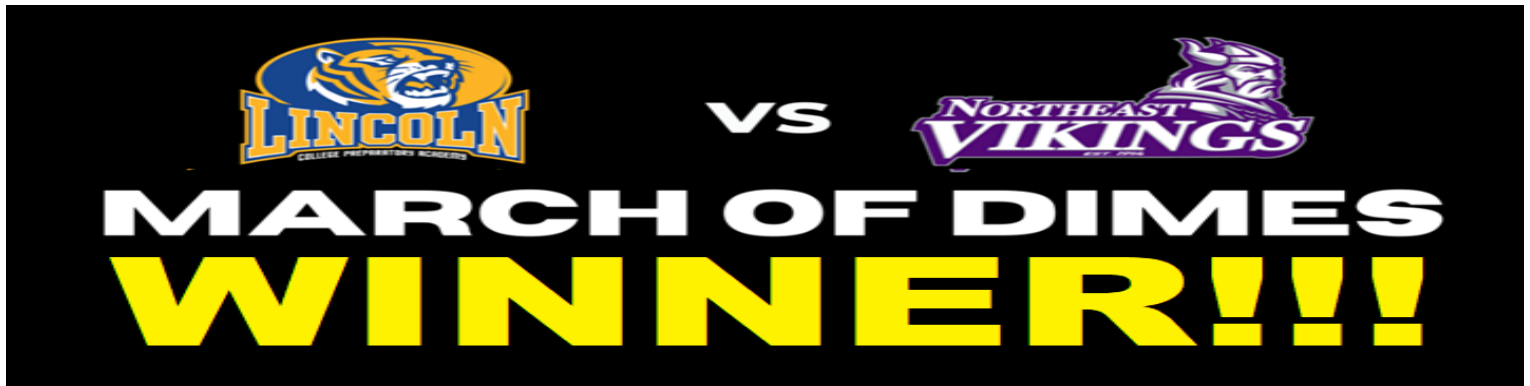

# I scream! You scream! We ALL scream for ice cream!

Viking students whose attendance is 80% and above received ice cream and other goodies from the Northeast PBIS Team. They really enjoyed themselves and were appreciative.

Northeast beat Lincoln in the March of Dimes challenge! They will have to wear NEHS gear and post a picture on their social media page. Future Business Leaders of America (FBLA) appreciates all faculty, staff, students, and families who donated money for this campaign. Congratulations to Ms. Joneisha Williams and the FBLA team! They collected **\$1,181.467** this year surpassing last year's donation of \$615.

# 2023 ALL-CITY JROTC MILITARY BALL

The 2023 All-City JROTC Military Ball was a great success! JROTC cadets, administrators, faculty, and school staff from Central, East, Lincoln, Northeast, and Southeast attended the ball Friday, March 10th at the Missouri Army National Guard Armory. Northeast HS JROTC cadets did an excellent job during the Presentation of Colors, followed by the Court Crowning. Congratulations to Queen Emma Santamaria, Princess Abril Arrieta and Princess Ashley Rosas! Kudos to Senior Army Instructor, Master Sergeant Travis Rudd, for spearheading his first JROTC Military Ball!

## Lady Vikings Basketball Banquet

The Lady Vikings Basketball Team was a great year! In an interview with Ms. Nicole Grantham ("Coach G"), she issued this statement:

"We started a very new team with a few players returning from the previous year. Our Lady Vikings record was not the best to brag, but we can brag about several highlights! First, we had 10 Scholar Athletes who kept to a 2.5 and above the whole season, several players who got hurt during the season, but didn't quit, and some of them had a 100% attendance for practice, every team workout, and games. Overall, we started out with 19 Ladies (Varsity and Junior Varsity Team) and ending with 19. We are the Northeast Lady Vikings Basketball Team! It took BLOOD, SWEAT, and many TEARS to become not only a team but now a "FAMILY."

Coach G would like to thank everyone who were supporters during their first year in the building (Dr. Ervin, Ms. Egli, Mr. Monrean, Ms. Truax, Coach Franks, and all the teachers who attended the games and/or rendered support whenever they could.

On Wednesday, March 15, Future Business Leaders of America (FBLA) members Savana Oliver, Bryan Ramirez, and Angel Stivers partnered with Ronald McDonald House Charities (RMHC) to deliver meal kits for the children and families at RMHC. This Community Service is a part of their project when they will be competing in April 16-17 at the state competition in Springfield, MO. Ms. Joneisha Williams, FBLA Advisor, and FBLA members would like to send a sincere thanks to Ms. Roberta Holt-Kipper and the Northeast High School Alumni Association.

*We'll*  
**MISS**  
**YOU!**  
**MS. FLORES!**

# CAREER READINESS WORKSHOP

Northeast Juniors and Seniors participated at the Career Readiness Workshop last week in the media center. During the workshop, students receive information and talked with experts from Worlds of Fun, Full Employment Council, District Council #3 Apprenticeship, City Year, Local 20 Roofers, Cement Mason & Plasters, and the HVAC Training Center about careers and job opportunities. This workshop was sponsored by Ms. Castaneda, Hispanic Development Fund College Advisor. It was a very informative and well-organized event.

Great job Ms. Castaneda!

# Vikings represent at Missouri DECA State Leadership Conference

Sunday, March 12th through Tuesday March 14th, students from Lincoln College Preparatory Academy and Northeast High School attended the Missouri DECA State Leadership Conference. DECA is a career and technical student organization that focuses on developing leaders in entrepreneurship, marketing, finance, hospitality, and management. Kansas City Public Schools had 11 state qualifiers in total, six from Lincoln and five from Northeast.

With over 1,500 competitors at the State Conference, KCPS had multiple top finishers, with one student traveling to the International Career Development Conference in Orlando, Florida this April. Anneliese Sisson will represent Missouri as a Leadership Delegate where she will attend leadership training, learn more about DECA and how to implement ideas that will benefit our members here in KCPS.

Congratulations to these outstanding scholars, we look forward to seeing what you bring back from your experience at the International Career Development Conference!

## NOTABLE PLACEMENTS:

**Anneliese Sisson:** *ICDC Leadership Delegate* (Lincoln)

**Joshua Garcia:** 11th - *Professional Selling* (Lincoln)

**Samaiyah Crawford:** 12th - *Principles of Business Management* (Lincoln)

**Bryce Stivers-Abbott:** 15th - *Professional Selling* (Northeast)

**Kimberly Lopez:** 20th - *Hospitality Selling* (Northeast)

## STATE COMPETITORS:

**Joshua Garcia:** *Professional Selling* (Lincoln)

**Samaiyah Crawford:** *Principles of Business Management* (Lincoln)

**Anneliese Sisson:** *SCDC Leadership Delegate* (Lincoln)

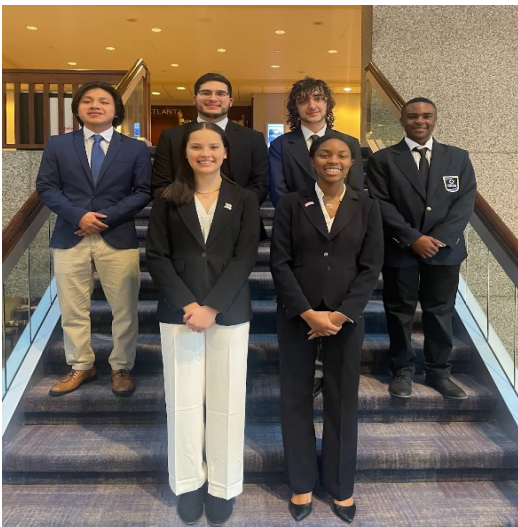

**Bryce Stivers-Abbott:** *Professional Selling* (Northeast)

**Sara Hidalgo:** *Principles of Finance* (Northeast)

**Kimberly Lopez:** *Hospitality Selling* (Northeast)

**Armon Brown:** *Principles of Hospitality and Tourism* (Lincoln)

**Marlon Perez-Morales:** *Business Financial Services* (Lincoln)

## Vikings learn about Diversity, Inclusion, and Equity

A group of Northeast High School students, along with Ms. Margaret Hutton and Mr. Jonathan Freeland, toured several local art studios in the East Crossroads District such as The Nelson-Atkins Museum of Art, The American Jazz Museum, and Negro Baseball Hall of Fame. This was a cultural exchange field trip joining two other high school art students from Lebanon, Missouri and Waynesville, Missouri. The experience was highlighted with a visit of local Kansas City artist and musician, Ms. Karen Griffen, whose artwork at Vulpes Bastille Artist Studios and with former KCPS teacher and local artist, Mr. Harold Smith, at The Studios, Inc. Art Center. Everyone wound up the day with a Vietnamese dinner at Vietnam Café in the historical neighborhood in the Northeast, Columbus Park. Great educational experience beyond the classroom walls!

# GOLFING 'FORE' SENIORS

The Senior Class field trip to Topgolf, a sports entertainment complex, was fun for all, including the chaperones! It was the perfect place for a little friendly tech golf competition with climate-controlled hitting bays and music. Seniors were accompanied by Ms. Ayana Castaneda, Ms. Juneall Lane, Mr. Andrew Corrao and Mr. Andrew Kreiling. Great job College Access Advisor, Ms. Brionna Taylor, who is also the Senior Class Sponsor!

TOPGOLF

# VIKINGS take over Main Event

Northeast's A/B grade students along with Seal of Biliteracy students participated in Honors Day and they were rewarded a field trip to Main Event in Zona Rosa. They were occupied with 4 hours of entertainment—bowling, video games, arcade games, laser tag, gravity ropes and billiards. They were accompanied by Ms. Ami Ladhawala, Ms. Carmen Truax, Mr. Melvin Brown and Mr. Jamal Zaru. After we returned to school, students were asked how they enjoyed the field trip. Some of their responses were:

- "Main Event was fun!"
- "I talked to some students for the first time."
- "We worked as a team."
- "We have to use logical thinking to play the games."
- "I learned the importance of timing ourselves and scores."
- "When I played with other Spanish speakers, we spoke in Spanish."
- "We learned about hand-eye coordination and be aware of the space."
- "More I played; I got better."

Hello all!

My name is Lauren Bishop, LCSW, and I am the Trauma Clinician at Northeast High School. My office is in room 330 and I am often in room 332 working with students and planning for Social Emotional Learning.

My job is to work with students and families to meet social emotional needs, assist in providing resources or referrals as needed, provide crisis management as needed, and support staff in providing social emotional and trauma informed support to the students.

Please come by and say hello or schedule a time to meet! I look forward to working with many of you this school year!!

Lauren Bishop, LCSW

## SCHOOL

**Nurse**

MS. ROBYN

Room  
317

Phone: 816-418-3384

Email: [mneuerburg@kcpublicschools.org](mailto:mneuerburg@kcpublicschools.org)

Hi!

I'm Nurse Robyn. I've been a nurse for 20 years, I have 4 children, 1 grandson and my husband and I run a school in Ghana, West Africa. My job at NEHS is to keep the whole building safe, give medications when needed, handle emergencies and I make sure all of our students are up to date on their immunizations. I keep our school in compliance with the State of Missouri and our District's mandates for public schools. I examine for drug use on the property, take care of student's injuries and sometimes take care of the staff at NEHS.
